By continuing you accept our **Terms and Conditions** and our **Group Policy**. We do not allow groups of more than 5 (more than 4 for some tours in NYC) on our public tours without prepayment. Groups of more than 10 must book a private tour. You can read about private tours and prepayment options on the booking page. If you make two reservations in smaller numbers or under different names to avoid this, your reservation will be cancelled and the guide will not be able to accommodate you on the tour. We consider multiple families travelling together as a group. All persons, regardless of age, are included in the reservation count.

Please note that we request 24 hours notice of cancellation on public tours and 48 hours notice for prepaid tours.

Should you need to cancel, please reply to this email to reservations@freetoursbyfoot.com so we have your booking ID number.
